## A Message from The Board

It's Clear to See 2020 was a great start for us! We are happy to bring in new members and appreciate our members who have renewed for the current year. We're looking to turn all of this energy into a success for everyone!

Our board has been working hard to improve our event communications. From scheduling and posting our events for the rest of the year to our new Google calendar on our website that you can view and save events to your own calendar. If you have anything you want to add to our calendar please just reach out. A great member benefit is that we will help advertise your events and milestones.

Another great membership benefit is our Member Directories that will go to print in March. Each member gets a listing in the directory. Additional ad space is available. We have multiple sizes and affordable rates. Please remember, when you advertise in our membership directory you get to promote your business while supporting our organization. Check out our website for more directory information.

As we navigate the rest of our year, we want to hear your ideas and know your needs. Help us make our events interesting and engaging. This year we're trying for more hands on events and are focusing on community awareness and involvement. We know you have a lot of great ideas and we look forward to hearing them.

*-The Board of Directors, GSCA*
